

AGCO hiring in Beloit

ASSEMBLER

About AGCO:

AGCO is a global leader in the design, manufacture and distribution of agricultural engineering with a portfolio of exciting international brands which deliver solutions to farmers in 140 countries through a full line offer from tractors and combine harvesters to protein production systems and smart farming software solutions – to an environment where future is happening now.

Field of action / work:

Your new responsibilities include (but are not limited to): Reading and interpreting shop drawings, the safe and proper use of pneumatic and power tools, the use of various measure and calibrating devices, and the overall quality of the products coming off of the assembly line. Being a team player and a willingness to make suggestions for constant improvement in both processes and safety are a key for being successful.

Introducing the job:

Based in Beloit, Kansas in the Assembly department you will be a part of a highly motivated team working on the assembly of outstanding products in the Fendt, Massey Ferguson, and Sunflower lines of seeding and till-

Benefits:

AGCO offers competitive benefits including options and choices to fit your needs such as medical, dental, prescription drug, life and accident insurance, long and short-term disability, matching 401k plan, employee assistance program, and discounted home and auto insurance.

We are proud to be an EEO/AA employer M/F/D/V. We maintain a drug-free workplace and perform pre-employment substance abuse testing.
