## Service Electrician

**Job Title:** Service Electrician

**FLSA Class:** Non-exempt

**Department:** Electrical Service

**Pay Type:** Hourly

**Reports To:** VP of Electrical Trade Services

**Status:** Full-time

### **Benefits Include:**

- Health, dental, vision, 401-K, and profit sharing for all full-time employees.
- Paid holidays after 60 days of employment.
- Employee referral bonuses.

### **Summary:**

The Service Electrician performs a variety of electrical duties. The job will involve installing electrical wiring in building, troubleshooting residential and commercial buildings and repairing appliances. Due to the high amount of risk pertaining to this job, electricians must be first and foremost responsible individuals with great attention to safety precautions. The ideal candidate must be experienced in different kinds of electrical devices and systems. The goal will be to produce and maintain well-functioning electrical connections to minimize the probability of accidents and maximize usability of electricity in all facilities.

### **Required Experiences:**

- Proven experience as an electrician.
- Experience in service and troubleshooting electrical systems.
- Demonstrable ability to use electrical and hand tools (e.g., wire strippers, voltmeter etc.) and electrical drawings and blueprints.
- Thorough knowledge of safety procedures and legal regulations and guidelines.
- Excellent critical thinking and problem-solving ability.
- Excellent physical condition and flexibility to work long shifts and overnight.
- Diploma in relevant vocational training or successfully completed apprenticeship as an electrician.
- Valid driver's license to drive CDL company vehicles.
- OSHA10 Safety Certification.
- Other Safety Certifications required for specific tasks and operations.
